

# DCCR - Allergy Information

## Allergy Information

It must be noted that information about allergies in care is critical. If there are concerns with the accuracy of allergy information available, please ensure professional judgement is used in its utilisation for providing care to the person.

## Where to Find Allergy Information

Allergy information will be accessible in the Alerts & Risks folder menu within the Clinical Document Viewer (CDV).

Summary

Clinical Documents

Showing All Mark All As Read

Group By Category Sort By Date

- Person Summary
- Full Demographics
- Data Quality Feedback
- Send Feedback
- Alerts & Risks (1)
- Events (1)
- Laboratory (1)
- Medication (1)
- Observations (1)

When selected, the Alerts & Risks folder will present subfolders that hold allergy and adverse reaction data recorded in both primary (General Practice) and community settings.

## Viewing Allergy Information

Clicking into an item listed under the Alerts & Risks folder will show the available information. This information might be presented differently depending on the organisation and system it originates from and will allergies

and adverse reactions.

The below screen shot shows allergy information provided by General Practice.

Date	Risk / Details
<b>Allergies and Adverse Reactions</b>	
Onset	Observation Detail
16-Jun-2021	No known allergy
06-Apr-2021	Adverse reaction to Amoxicillin
08-Apr-2014	Adverse reaction Omeprazole from: Omeprazole 10mg gastro-resistant capsules
16-Nov-2012	No known allergies
<b>Contraindications</b>	
16-Jun-2021	Medical contraindication to ear syringing

Allergy data from community services is presented differently, as shown in the below screen shot.

## Allergies and Adverse Reactions

### Current Allergies and Adverse Reactions

Items excluded due to confidentiality and/or patient preferences

Start Date	Details
13 Apr 2022	Penicillin allergy (Xa5sH) - rash

### Historical Allergies and Adverse Reactions

No 'Historical Allergies and Adverse Reactions' data is recorded for this patient.

Each community service the patient is registered with will present an allergy record, however there may be no allergy data recorded – if this is the case the user will be presented with the below screen shot.

---

## Allergies and Adverse Reactions

### Current Allergies and Adverse Reactions

Items excluded due to confidentiality and/or patient preferences

No 'Current Allergies and Adverse Reactions' data is recorded for this patient.

### Historical Allergies and Adverse Reactions

No 'Historical Allergies and Adverse Reactions' data is recorded for this patient.
