

# Printing your referral Request & Saving to PDF

From the panel view, click on and highlight the required patient to access the referral information.

The blue action buttons now becomes visible.

The screenshot displays a web application interface for managing referrals. At the top, the user is logged in as 'North Kerrier Community Nurses (Inc. Matrons)' and is viewing 'Referrals'. Below this is a filter bar with options for 'Sort', 'Status: 3 selected', 'Updates: All', 'Priority', 'Refresh', and 'Reset Search'. The main content area features a patient card for 'smith, john' (Male 39 Years) with a yellow status label 'Non Urgent / Routine Community Response'. The card shows the referral was sent 0 days ago and is a 'Transfer of Care Referral' dated 22 June 2023. To the right of the card is a sidebar with a system message, action buttons (Print, Assign, Edit client, Admit, Discharge), tabs for 'Updates', 'Details', 'Matching Profile', and 'Clinical Profile', and buttons for 'Referral History Report' and 'Patient History'. The sidebar also shows two update notifications: 'Status Changed to Accepted' and 'Clinical Profile Updated', both by 'Adams, Eve (Administrator)'. At the bottom of the sidebar, it states 'Last update reviewed by Adams, Eve on 22 June 2023 11:35'.

Click on the arrow in blue print button, to view the available print options.

▼ Print	 Assign	▼ Edit client	 Admit
<div>Print referral</div> <div>Print original clinical profile</div> <div>Print comparison against original clinical profile</div> <div>Demographics Only</div> <div>Full Referral</div> <div>Full Referral + Triage + Comments</div> <div>TestPT</div> <div>Voluntary Sector Referral</div>			

Select the required print view. The Referral information is displayed in a new window and in PDF format.

In this example the Full Referral + triage + Comments have been selected.
