

Strata IToCH Guidance - Viewing all changes on a Patient Record V1.0

This guide is for use within the IToCH hubs, to view all changes that are made on the patient record (incl Sender/Receiver changes)

Locating Report

From the Patient Record, go to the Client Details Tab – highlighted below

The screenshot shows the IToCH interface. At the top, there is a yellow system message: "System message: THIS IS A TEST SYSTEM. Please do not enter any live patient". Below this is a green information bar: "All tabs are complete. You may visit [Send and Manage Referrals](#). tab". The main navigation area contains several tabs: "Client Details", "Demographics", "GP Details", "Referral Information", "Uploaded Files (0)", and "Send and Manage Referrals". The "Client Details" tab is highlighted with a red box. Below the tabs are three buttons: "Profile Report", "Profile History Report", and "Print Client". The "Profile History Report" button is highlighted with a red arrow. Below the buttons is a table with patient information:

Care Type	Transfer of Care Referral (manage)
Name	Patient, Test 💬
NHS Number	No identifier
Message ID	

Select the Profile History Report

PDF Report

This allows a PDF which shows changes that have been made
