What is I've Arrived?

I've Arrived is a module from Netcall's Patient Hub system. It is a virtual queuing system which queues patients outside and/or car parks until they are required to attend their appointment, removing the risk of overcrowded waiting areas to support and maintain social distancing.

Logging into I've Arrived:

- Double click the 'Patient Hub' icon on your desktop
Note if the icon is not there it can be download from the App Catalogue'
- Enter your username and password and click login

My clinics Today Tomorrow

I've arrived All No Yes Clinics **Search** **Reset**

The 'My Clinics' tab will allow you to assign or unassign the clinics scheduled for today or

tomorrow:

The screenshot shows the 'My clinics' section of the NHS Patient Hub. The 'Today' tab is selected. On the left, there are search filters for Site, Specialty, and Clinic, each with a text input field and a 'You can use name or code' hint. Below these is a radio button group for 'I've arrived' with options 'All', 'No', and 'Yes'. A 'Search' button and a 'Reset' button are at the bottom left. The main area shows a table of clinics with columns: Site, Specialty, Clinic, and I've arrived threshold. The table contains five rows of data, each with an 'Assign' or 'Unassign' button on the right.

Site	Specialty	Clinic	I've arrived threshold	Action
Royal Cornwall Hospital (RCHT)	General Surgery (100)	WIDAL/3CC	60	Assign
Royal Cornwall Hospital (RCHT)	Ophthalmology (130)	WILNJ/OCC	0	Assign
Royal Cornwall Hospital (RCHT)	Ophthalmology (130)	WILNJ/3CC	60	Unassign
Royal Cornwall Hospital (RCHT)	Rheumatology (410)	DAVMJ/1T	0	Assign
Royal Cornwall Hospital (RCHT)	General Surgery (100)	TWAIT/ACT	30	Assign

- Enter the clinic code into the 'Clinic field' and click 'Search' to find the clinic you require access to.
- Once you have found the clinic Click Assign or Unassign on the right-hand side.

Note – If the "I've Arrived threshold" for the clinic is set as 0 the clinic is not switched-on in Patient Hub. A call will need to be logged with the CITS Service desk to switch it on.

- The search field within the 'Today' tab will allow you to filter to a specific clinic.

Note – If the clinic has not been assigned to you, you will not see the patients booked onto that clinic.

The screenshot shows the 'My clinics' section with the 'Today' tab active. The 'I've arrived' radio buttons are set to 'Yes'. The 'Clinics' search filter is set to '(TR) - Orthopaedic (111) - REGMW/6CT'. A table displays appointment details for a patient named Amanda Smith.

Hospital number	NHS number	Patient name	Date of birth	Site	Specialty	Clinic	Appointment	I've arrived	Contactable
C003429		Amanda Smith	21/06/1973	(TR)	Orthopaedic (111)	REGMW/6CT	09:45	Not arrived	Yes

Note: I've Arrived is configured to send a SMS and/or email to a patient 60 minutes prior to their appointment time. For a patient to receive the text message, their mobile number must be entered into the mobile field on the PAS RI Demographics screen and text consent marked as Yes.

I've Arrived Statuses:

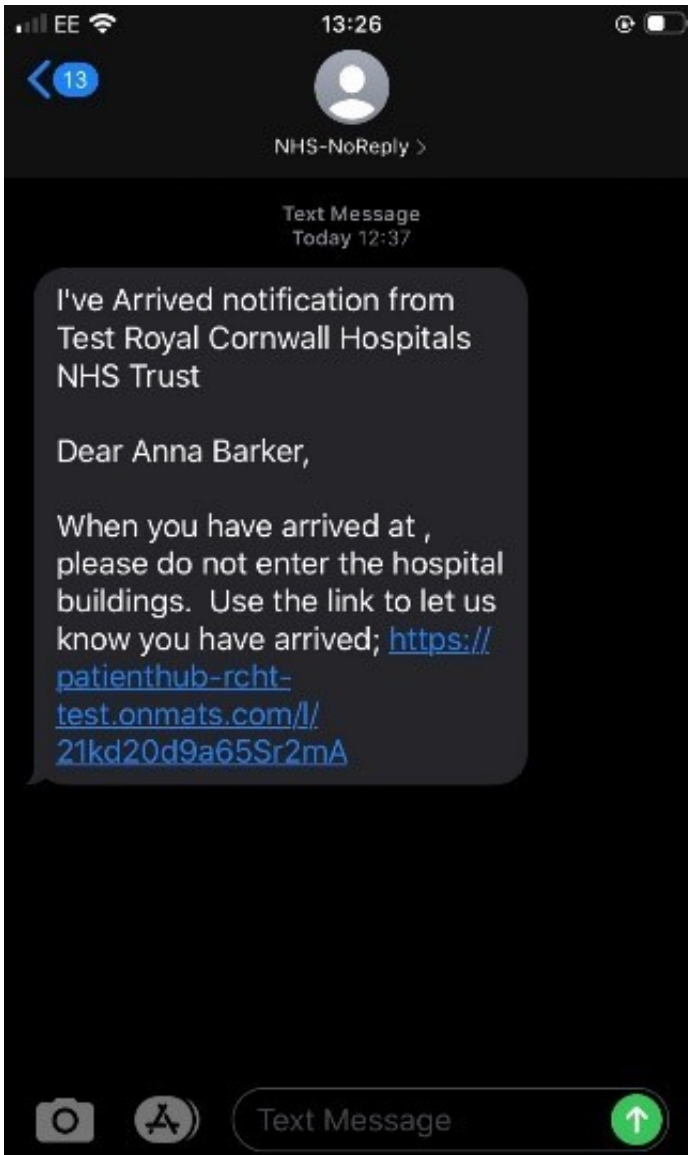

Status	Meaning	Action
--------	---------	--------

Not Sent	<ul style="list-style-type: none"> - Notification threshold not met - Patient does not want to be contacted by SMS - Patient does not have any digital data 	<p>If the patient arrives at reception you will need to 'Record Outpatient Arrival' on PAS – this will remove the patient from the clinic list on I've Arrived.</p>
Not sent		
Not Arrived	Patient has not confirmed they have arrived, but the text message has been sent	<p>If the patient arrives at reception you will need to 'Record Outpatient Arrival' on PAS – this will remove the patient from the clinic list on I've Arrived</p>
Not arrived		
Arrived	Patient has confirmed they have arrived and are waiting outside	<p>When it is safe to do so you can 'Invite' the patient in. (Another SMS is sent to the patient)</p>
Arrived		
Invited In	Patient has been sent a SMS to invite them into the department	<p>If the patient does not arrive you can 'Reinvite' them by sending another SMS message</p>
Invited in		Reinvite

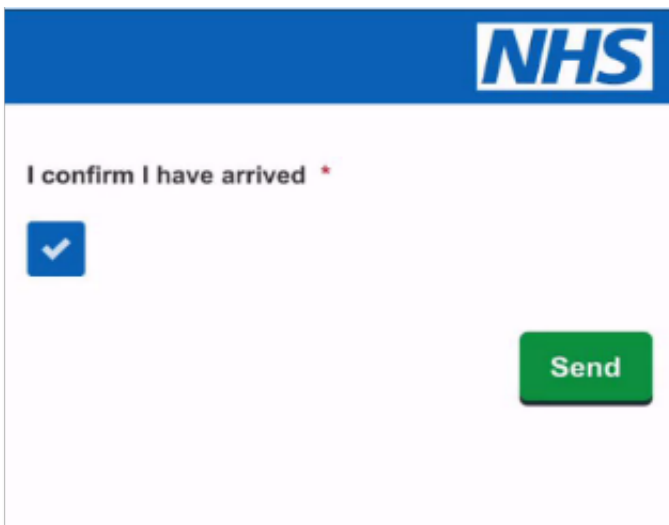

When the patient arrives at reception you will need to 'Record Outpatient Arrival' on PAS – this will remove the patient from the clinic list on I've Arrived.

What does the patient receive?

- The patient will receive an initial I've Arrived notification SMS 60 minutes prior to their appointment

- They will need to click on the link to inform the department they have arrived

- Once they have sent the confirmation, they will be able to see where they are in the

virtual queue

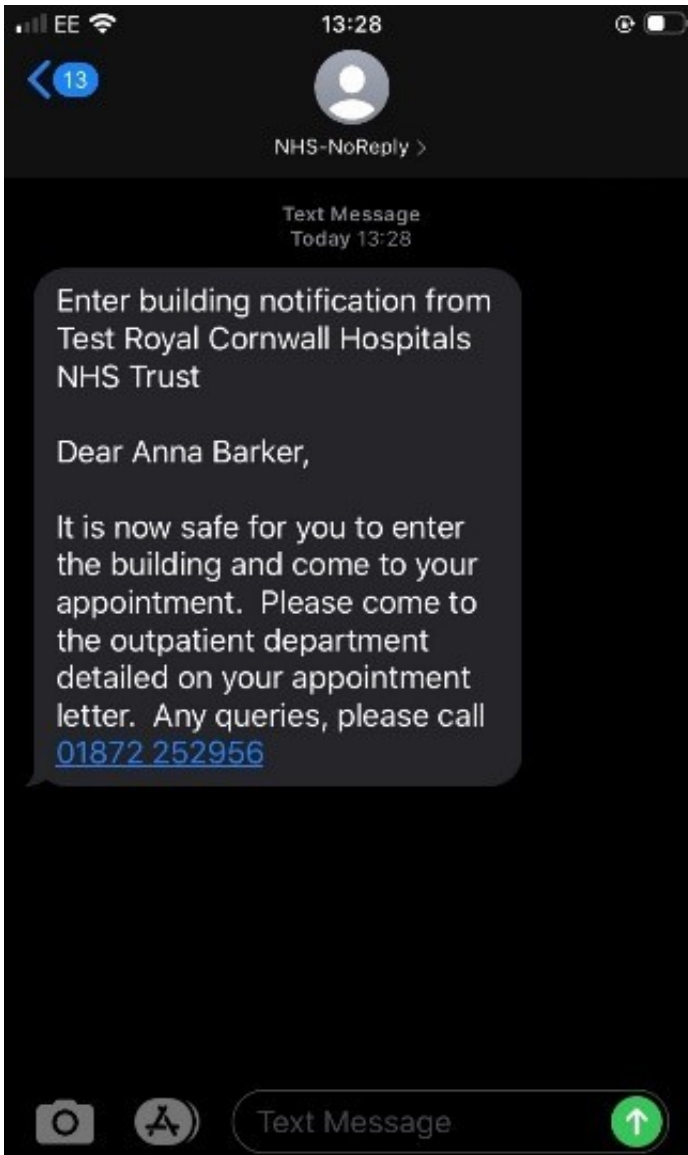

Thank you, we have marked you as arrived. Please wait where you are until we send you another message to invite you in.

Position in the queue
2

- When it is safe for them to enter the department, they will be sent another SMS inviting them in
