                                          Current Organisation: TR
         [        ]
```

Swap Organisation. - If you require to view in depth, outpatient or inpatient episodes held in a different hospital select the appropriate hospital from this option by number or code. For example, type **F A** for Falmouth and press **Ay** and press the return key to accept your selection.

Change Password. - You will be required to enter your old password and then enter the new password twice to verify it.

Change Printer Group. - Allows you to select a new printer group.

Multi-Patient labels. - Allows you to print labels for more than one patient.

Free Form Labels (No longer used).

Quick labels and letter prints. - Used to print patient I D labels, open the PAS Inpatient - Printing labels page for more information.
